

Surge/Impulse Control

MegaPulse Remote Control (MP-RC-01)

MegaPulse Remote Control 01.

Wired Remote Control for MegaPulse testers.

The Remote Control allows the operator to control the basic operation of the tester from up to 20ft of distance with the basic cable configuration. Polarity, Charge, Trigger and E-Stop buttons in a modern compact box. E-Stop is connected directly to the tester interlock port.

Applicable for all the Remote Control ready testers only.

Features

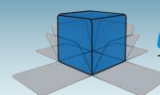

- Ideal for long distance testing.
- Improves user safety by creating a separation with the tester and device under test
- User can control Polarity, Charge, Trigger and E-Stop.
- One year warranty.
- Compatible with all MP-RC-01 option ready testers.
